THE COMPLETE COMPATIBILITY REPORT

When you've just met someone or even if you've been together for awhile, you may wonder whether this is The One. Astrology is an excellent means to find out! Using an ancient technique called synastry, we can get a pretty good idea of whether two people are compatible, how they connect, what drew them together, and the challenges they face.

True Love is a unique two-part report that combines a personal evaluation of your chart with the best in synastry software. I chose Gina Ronco's compatibility report as the basis for *True Love* because her interpretations are so accurate and insightful. Before Gina's part of this report begins, you'll find my observations of your relationship dynamics – including karmic connections, if they're present – and a full-color synastry wheel.

True Love is the highest calling on the planet. I truly hope you have found it and wish you all the best.

Love and blessings,

Johnny, you and Vanessa clearly have a strong karmic connection and an unbreakable bond. There is no doubt in my mind that you are soul mates and that your relationship exists in other dimensions of time and space (commonly referred to as "past lives").

The thing that immediately jumps out at me in your synastry chart is your double Moon-North Node conjunction; that is, your Moon is within a few degrees of Vanessa's North Node in Capricorn, and her Moon is near your North Node in Cancer. This explains why, when you met, you felt instant recognition and a sense of knowing that this was The One.

This rare aspect confers a strong desire to support each other emotionally and to take care of each other. When you're together, the outside world may seem to disappear. Because Vanessa has the North Node conjunct Jupiter in her birth chart, her Jupiter is aligned with your Moon, as well. So, in addition to nurturing and support, she also has an effect on your material well-being. True love is good for your bottom line! She also can help lift your spirits and make you laugh.

That said, you have a two-way challenge between Mercury and Mars, suggesting that when you disagree on something, the arguments could be quite animated, to say the least. Fortunately, your strong karmic ties help curb what could be a tendency to say hurtful things. You, with Mars in Virgo in the first house, can be cutting in your criticism. Vanessa, meanwhile, has Mercury in Sagittarius, which is prone to blurting out the truth. Perhaps you've reached a point where you can laugh about it, and you may even appreciate her directness and find it refreshing. It's even possible that heated arguments fuel your passion and keep your sex life from becoming boring.

On that subject, you probably don't need me to tell you that you have a great deal of sexual tension between you, as indicated by the chart placements of Mars and Venus, the so-called "love planets." Your Mars is very closely square Vanessa's Venus, and her Mars is closely opposite your Venus. You also have an edgy square between your Pluto and Vanessa's Venus. These aren't the classic "easy" aspects for intimacy, but indicate passion and desire that can be all-consuming, to the point of obsession, possessiveness, and jealousy. As long as you are aware of this potential, you can keep it from being divisive.

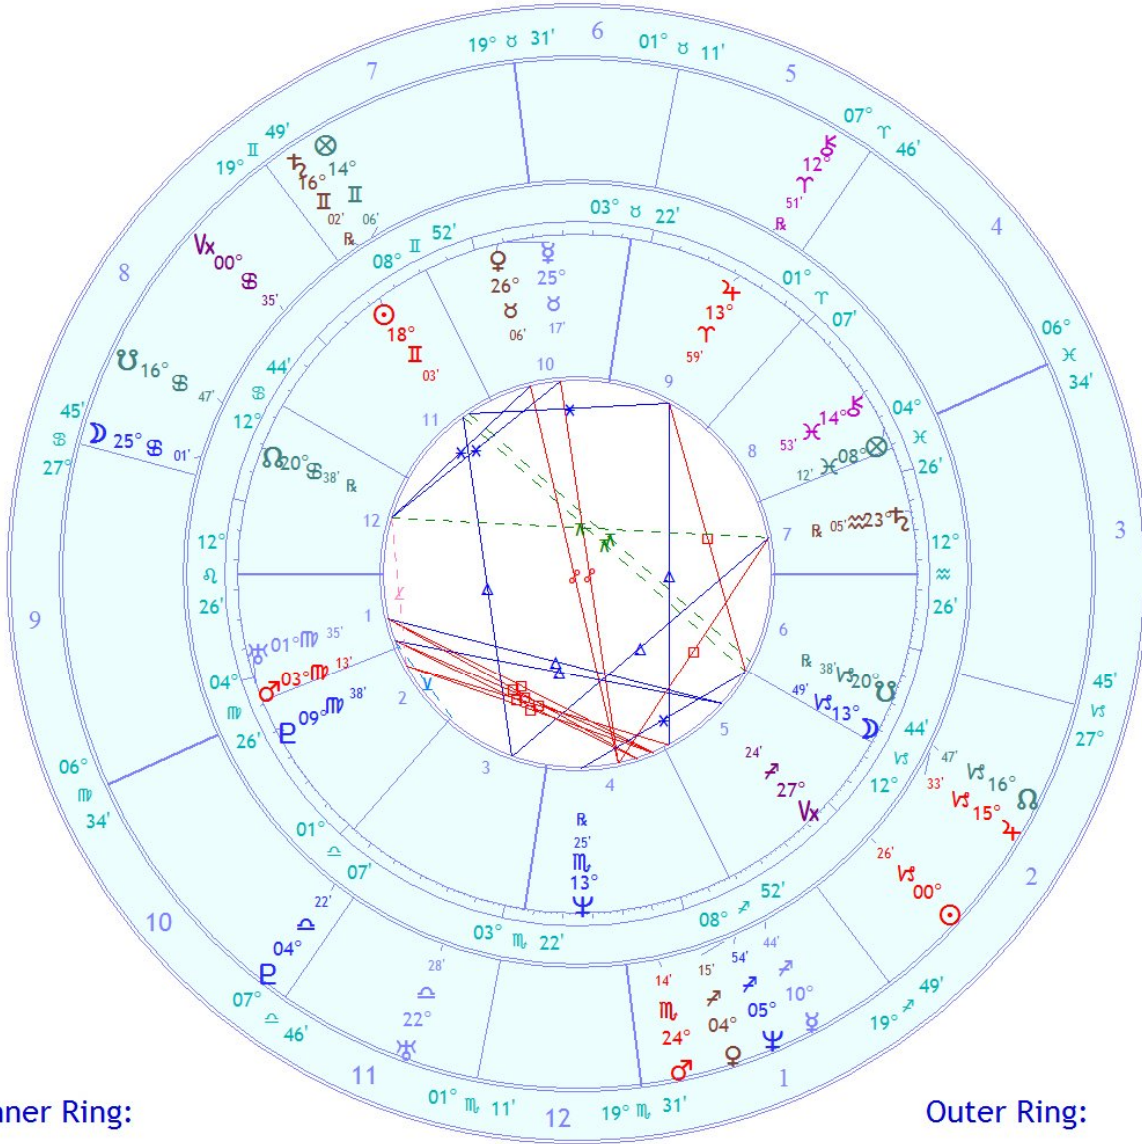

There is some other indication of potential conflict as well that I want you to be aware of. Vanessa's Saturn on your Sun can be a source of power struggles, and other chart factors suggest that you run away to avoid the confrontation. This may not be a bad strategy in short run, but eventually you may want to delve into issues of control.

Before you get into Gina's report, I just want to mention that some of the information may be off a bit, due to the unconfirmed birth time for Vanessa. This is most relevant to house positions and the degree of her Moon. However, a different birth time wouldn't change the positions of her planets or lunar nodes, so what I've written above is true regardless of when she was born.

Also, I want you to be aware of the current astrological climate, which is impacting both of your charts. Starting in 2010, you had some difficult transits (especially Vanessa), and the eclipses will soon be in the area of her chart affecting marriage and close relationships, where they will undoubtedly affect your partnership. If you become confused or begin to encounter challenges in your relationship, I strongly recommend a personal consultation with a professional astrologer.

Introduction

How to Get the Most out of This Report

This romantic compatibility report is divided into four chapters.

Chapter 1 compares your temperaments and personalities. The issues described in this section become particularly powerful if you are married or living together. Idiosyncrasies or quirks in another person's personality do not bother us as much if our relationship is a casual one. For example, if one person is neat and tidy and the other is sloppy, this is more likely to become a concern if you are married than if you are only seeing each other occasionally.

Pay close attention to the issues described in Chapter 2, because these are the most important themes in your relationship. For example, if themes of romance and sexual attraction are emphasized, then you can count on this relationship being a passionate one. However, if romance and sexuality are hardly mentioned at all, then there will be less emphasis on physical intimacy and more on other factors. The aspects in Chapter 2 are calculated according to a technique called synastry. They are presented roughly in order of importance, so those at the beginning are the most powerful.

Chapter 3 describes situations and circumstances that arise if you have a close, long-lasting relationship. This chapter is based on the composite technique, a different approach to compatibility. It likely won't resonate with you if you aren't in a relationship yet, and it works the best if you have been in a relationship for a year or longer. Chapter 4 presents describes synastry aspects not as strong as those described in Chapter 2.

If a statement appears to contradict another statement, then it's possible that you play alternating roles. Or, you simply may have inconsistencies in your relationship. Human beings are complex, and we all have inner conflicts and contradictions. It's inevitable that these inconsistencies will turn up in our relationships as well. That said, a computer-generated report isn't able to determine whether some of these apparent contradictions "cancel out" each other. Only a professional astrologer can make this determination.

To make the most of this report, combine this astrological analysis with other things that you know about each other. Age, religion, education, family, cultural background and physical appearance will affect your relationship. The material in Chapters 2, 3, and 4 of this report describes the magnetism between you, but does not describe your individual natures. For example, suppose that Chapter 2 makes little mention of romance and sexuality, but the Natal Reports for each of you indicate extremely strong romantic and sexual desires. In this case, marriage is not likely to be successful! However, if romance and sexuality are not important to either of you, then the lack of passion in your relationship is not likely to be as much of a stumbling block.

Your compatibility chart interpretations are based on the positions of the planets at the time of birth for both partners. You'll find these positions and other technical information at the end of this report.

Chapter 1

A Comparison of Temperaments and Life Styles That Affect Your Ability to Harmonize with Each Other

Johnny's Sun in Gemini and Vanessa's Sun in Capricorn:

The two of you are very different! Vanessa approaches life in a much more methodical, planned, patient manner than Johnny. Vanessa uses a clear strategy and is willing to work hard for many long years to gradually achieve the intended goal. Vanessa is capable of great reliability and dedication, and will, for example, be willing to work through years of school until the desired degree is achieved, or work through a business or government hierarchy until a top position is achieved. Johnny may also be successful, but the route is very different. Johnny succeeds through curiosity, flexibility and adaptability, and communication skills. Unlike Vanessa, Johnny is not inclined to persevere through the dry periods but rather moves on to more interesting material once a point of stagnation is reached. Both approaches can work, but they are different, and you may reach points in your lives where you cannot come to an agreement on the proper path to take.

Vanessa often seems like the adult in the relationship and can feel too conservative or serious to Johnny. Johnny is more like the child (or adolescent), being more flexible and playful but also less reliable and consistent.

Johnny's Moon in Capricorn and Vanessa's Moon in Cancer:

Your instinctive emotional responses and your temperaments are very different and, in fact, quite opposite much of the time.

Vanessa is emotional, tender, sentimental, easily swayed by moods and appeals to sympathy. The need to be deeply connected, a desire to be taken care of and/or a need to be needed are very strong in Vanessa. Caring and closeness are of primary importance to Vanessa.

Johnny is as committed and loyal in relationship as Vanessa is, but Johnny is uncomfortable feeling or expressing softness, neediness, vulnerability, and emotion in general.

Johnny has a certain crustiness and emotional distance, which seems cool or cold at times. Personal emotional needs are often ignored or put aside in favor of work, practical responsibilities and duties. Johnny eschews dependency or "babyishness", expecting capable, responsible, no-nonsense behavior at all times. Highly demanding of self and others, Johnny often neglects the playful, feeling, childlike side of life.

Vanessa's emotionality and neediness often conflicts with Johnny's emotional detachment and dry realism. Secretly, however, Johnny needs tenderness as much as anyone, though admitting that and asking to be held or comforted is very hard for Johnny to do. Vanessa's softness is much needed and appreciated by Johnny. And Vanessa, though sometimes frustrated by Johnny's inexpressiveness or unresponsiveness, is also drawn to Johnny's strength and emotional stability.

Chapter 2

Major Themes in the Relationship: What Brought You Together

Venus Mutually Aspects Mars:

Romance! In a word, that summarizes the quality of your relationship. If you find each other physically attractive, then it is almost inevitable that a irresistibly passionate love affair will develop. Even if the physical attraction is not great, you will find yourselves strongly attracted to each other anyway. At times you will feel madly in love with each other, and unable to stay away from each other. Intense desire for each other at times can be so strong that any propensity towards jealousy and possessiveness will be brought out. So although the romantic and sexual intensity is exciting and fulfilling, it may also be stormy at times.

Johnny's Venus Opposition Vanessa's Mars:

This is a relationship that is sparked by an irresistible sexual attraction and romantic desire. Your passion and desire for one another will always remain alive. If either of you is prone to possessiveness or jealousy, then you may feel very uncomfortable by even subtle indications that you are competing with other suitors.

Vanessa's Venus Square Johnny's Mars:

This is likely to be a stormy and fiery relationship. The romantic attraction between you is very strong, but your feelings are often not in tune with each other. One of you (typically Johnny but sometimes Vanessa) may feel sexually aroused by the other and consequently be too aggressive in approach, while the other person feels great love and affection, but is not feeling as sexually attracted. Jealousy and possessiveness are also likely. Feelings can swing back and forth and you may not realize how much you love each other until you are away from each other.

Johnny's Sun Conjunct Vanessa's Saturn:

One strong factor that attracted you to each other (perhaps unconsciously) is the feeling that you can have a deep, stable, permanent relationship and settle down together, facing life's responsibilities in a mature way, tackling challenges together such as raising children, becoming financially secure, etc. These concerns can gradually cause your relationship to become too absorbed with "serious" matters, causing both of you to feel limited and stifled by the relationship. Vanessa has a strong tendency to criticize and judge Johnny's actions, sometimes accurately and sometimes unjustly. Vanessa should guard against this tendency to dampen Johnny's enthusiasm, and Johnny needs to avoid being overly sensitive to Vanessa's suggestions and criticisms. Vanessa's tendency to dominate, control, or even repress Johnny makes Johnny feel resentful at times, and Johnny may feel lowered vitality and self-confidence after being with Vanessa for a long time. You must make room for lightness and play, or you both will feel burdened by the tone that is set between you.

Johnny's Moon Conjunct Vanessa's Jupiter:

You both really enjoy each other's company. You put each other in a good mood and an optimistic, friendly, jovial atmosphere develops when you get together. You may have been friends for some time before you became lovers. You are a very likeable couple and, as a couple, you are very sociable, hospitable, and expansive. You bring out the generous side of one another, and are very nurturing and protective towards each other.

Johnny's Mercury Opposition Vanessa's Mars:

Stimulating conversations or hot debates characterize your relationship. Vanessa challenges Johnny's ideas with vigor. Johnny may respond by doing the same in return. Although these challenges and criticisms are made with good intentions, they easily precipitate arguments. Both of you must be careful to respect each other's beliefs and not belittle each other's views or your relationship will deteriorate into feelings of mistrust, nasty tempers, and the bad habit of throwing darts at each other.

Vanessa's Sun Trine Johnny's Mars:

Successful cooperation in achieving goals and accomplishing tasks is highlighted. You make an excellent working team and you are able to assist each other in achieving specific, concrete goals. The sexual attraction between you is also very strong.

Vanessa's Sun Trine Johnny's Uranus:

Playfulness and a zest for newness infuse your relationship. You really spark each other's imagination and creativity. This quality is especially welcome in a long-term relationship because you will not fall into a lifeless routine. You spur each other to explore, take risks, and develop new creative outlets. You encourage each other's independence. There is an electric, spontaneous quality between you, and your sexual relationship is lively and exciting as well.

Johnny's Ascendant Trine Vanessa's Mercury:

You work together very harmoniously on daily tasks and you can communicate very clearly and openly to each other. You "speak the same language" and you have a knack for quickly understanding each other.

Vanessa's Moon Sextile Johnny's Mercury:

Long, friendly conversations are frequent in your relationship. You are able to openly share your inner feelings and concerns, and very often you may feel that there are very few other people that understand and appreciate you as well; this is true even in the early stages of your relationship. The deep level of mutual understanding and appreciation inclines your friendship to be a long, harmonious one.

Vanessa's Moon Sextile Johnny's Venus:

Romantic love for each other is very strong, and there is a very sweet, tender, and romantic quality to your feelings for each other. You also evoke feelings of good will and tenderness in each other. This is a sweet relationship that could easily become a long-lasting one.

Vanessa's Mercury Square Johnny's Pluto:

Your conversations have a deep, probing quality. There is a strong tendency to attempt to coerce your partner to understand your point of view and agree with you. Johnny may attempt to dominate Vanessa's thinking, or radically alter Vanessa's view of things.

Vanessa's Venus Square Johnny's Uranus:

This relationship has an erratic, unstable, but exciting quality. Sexual attraction becomes very intense at times and at these moments you may feel like you cannot live without each other. But the feelings come and go quickly and they are not always reciprocated - your moods and desires get out of tune with each other, so that one of you may feel like partying and the other wants to have a quiet evening at home. The quality and nature of the relationship changes frequently. This is a difficult relationship to maintain over a long period of time but it is also difficult to break such an exciting relationship as well. If you want a permanent, close relationship, then both of you will need to be extremely flexible and willing to accept unexpected changes in your relationship and lifestyle.

Johnny's Mars Square Vanessa's Neptune:

It is very difficult for the two of you to jointly accomplish practical, mundane tasks. You draw out the silly, childish, imaginative side of each other, and you often will simply not be able to clearly focus on practical tasks. If either of you has a drinking, drug, or psychological problem, it is likely that your relationship will highlight this problem; be wary of the tendency of both of you to over-indulge in these kinds of bad habits.

The sexual aspect of your relationship can be very confusing, for there is a very strong element of fantasy or dreaminess in it. Vanessa, especially, needs to avoid arousing or leading Johnny on, or sending mixed messages.

Vanessa's Mars Square Johnny's Saturn:

In your partnership, Vanessa is the eager, passionate, active and impulsive one, and Johnny frequently puts on the brakes or tries to control, play down, and restrain Vanessa's desires and drives. This may be true in your sexual relationship, your approach to achieving goals, or both. Vanessa is likely to feel very frustrated, angry or discouraged if Johnny expresses disapproval or caution too often, and this can be a source of considerable friction between you. Johnny feels overwhelmed and envious of Vanessa's intensity and assertiveness, but instead of trying to hold Vanessa down, Johnny should confront the fears and inhibitions that Vanessa's directness evokes.

Chapter 3

Destiny and Final Outcome of Your Relationship

Composite Sun Trine Neptune:

Unselfishness, tolerance, and forgiveness flow readily between you, helping to ease and ameliorate any problems you face together. Your relationship has a strong idealistic and platonic quality. Even if you are involved sexually, the focus with the two of you is not primarily physical, but subtle, soulful, and spiritual in nature. You have high standards for your friendship and may expect yourselves or one another to be the Perfect Friend, all-giving and always impeccable in your dealings with each other. For the most part you both try to live up to these lofty images, and to not taint your relationship with selfish or mundane considerations.

The psychic tie is strong between you, too. You may experience an unusual ability to "read" one another, send messages to one another telepathically, and so on. Any interest you have in the metaphysical or imaginative arts will be highlighted, and become an important focus in your relationship.

Composite Moon Opposition Saturn:

Emotional separations, withdrawal, and distancing yourselves from one another are issues you will have to deal with over and over again in your relationship. You easily could simply pull away from one another in subtle ways, and grow increasingly cooler, more impersonal, and distant, leaving nothing more than a shell of a relationship with no life or feeling in it.

The other possibility is that you truly want to be together, but outside demands, commitments, or other pressing obligations prevent this. Unrequited yearning, unfulfilled emotional needs, a longing for closeness which simply doesn't happen - these are some of the undertones between you two.

This is a relationship in which you are both meant to learn from emotional pain and frustration. For one thing, you will have to find ways to nurture and take care of yourselves rather than expecting the other person to provide that support. Long, dry spells or periods of aloofness can be expected. This is not to say the two of you cannot come together, only that there will be much to overcome, not the least of which are your own fears of smothering or closeness and your self-protective defenses.

Composite Venus Conjunct Jupiter:

Yours is destined to be a very rewarding, happy, and fruitful union. You will grow and prosper together, on many levels - materially as well as emotionally. Joy, laughter, and optimism are keynotes in your relationship, buffering any of the challenges you may face together. You will be generous, tolerant, and spacious with one another, allowing and encouraging one another to expand and grow. You are both willing to share your partner with the world, rather than clinging or stifling the other's friendships and social urges.

Idealism, high-mindedness, and liberal good will toward one another permeate your bond. As a couple, you will be considered lucky by many, and indeed an abundance of good fortune will come into your lives via your relationship.

Composite Sun Opposition Uranus:

While there is potential for tremendous awakening, liberation, and freedom for you both in this relationship, the circumstances which foster these gifts will be unsettling, disorienting, and disruptive to your ordinary way of thinking about things.

This is a relationship that may have struck like lightning out of the blue, and that will always have an element of unexpected surprise, unpredictability, and uncertainty. You will not ever settle down into a peaceful, secure, unchanging pattern with one another. If you both have a taste for adventure, and the capacity to adapt and move with the changes, this can be exciting.

Others may view your way of being with one another as strange, even unnatural, because you don't conform to the "normal" patterns. There may even be a sudden break from a previous relationship or way of life, which shocks everyone around you. Even if the two of you consider yourselves to be fairly conventional, conservative, stable people, being together will shake and overturn a lot of those patterns. This can be creative, freeing - or merely a wild episode that turns you upside down for awhile.

Composite Sun Opposition Pluto:

The two of you affect one another profoundly, and will trigger energies and emotions in one another that you may never have realized you were capable of. There may be a love-hate or attraction-repulsion between the two of you, because one of the impulses you evoke in one another is a desire to dominate. Overt power struggles as well as subtle, behind-the-scenes manipulations may undermine your bond. Also, you can feel compelled to know everything about the other and could invade one another's privacy or try to spy into one another's secrets. To be successful as a team, you must respect the other as an equal. Unfortunately, there is apt to be a decidedly unequal balance of power between you. If you are very conscious and respectful of one another, however, you may be able to avoid the more severe imbalances that can cause real trouble. If one of you misuses power against the other, expect a backlash.

This is anything but a superficial relationship. The positive aspect of all of this is that you will come to know each other extremely thoroughly, and a bond will be forged that will not easily be broken.

There is also a fated, unavoidable, "meant to be" quality to your connection. Circumstances beyond your control may have forced you together.

Composite Mercury Conjunction Venus:

A shared sense of style, elegance, and aesthetics is destined to be a focus with the two of you.

Discussions about art, love and romance, or what each of you finds beautiful are definitely part of this.

Also, the two of you are able to tell one another of your affection for one another, to express those feelings verbally or in writing. Small, considerate expressions of caring (as well as tactful, somewhat sugar-coated expressions of disagreement when that is appropriate) add much felicity to your relationship. You tend to either avoid "heavy" subjects, or are able to talk about them in a friendly, amicable manner.

Composite Mercury Conjunct Jupiter:

Your relationship will be broadening and educational for both of you. You widen one another's views of the world, and could vastly expand one another's social or professional contacts. You are good for one another in many ways, not the least of which is that you share beliefs that generate optimism and hope. As a couple, you will find that others look to you for some sort of philosophical direction or understanding.

Seeing much more of the world – whether via actual travel or the armchair variety (studying together) – is destined to be an important part of your relationship.

Chapter 4

Other Themes in Your Relationship

Johnny's Sun in Vanessa's 7th house:

Although you have opposite personalities in some ways, you complement each other well and both of you enjoy having a partner that takes care of many of the things that you prefer to avoid.

Vanessa's Sun in Johnny's 5th house:

Vanessa encourages Johnny's creative talents, and both of you are inspired to undertake joint creative projects. If you share a similar artistic or creative interest, then you certainly will work together and inspire each other tremendously along creative lines. You really enjoy each other's company and love to play games together.

Johnny's Moon in Vanessa's 2nd house:

Situations arise that make it natural for Johnny to provide material and emotional support for Vanessa. By circumstances, Johnny becomes a benefactor to Vanessa, and this support engenders deep feelings of love and appreciation for each other.

Vanessa's Moon in Johnny's 12th house:

Johnny likes to confide in Vanessa, telling Vanessa many events and circumstances from childhood that no one else has been told.

Johnny's Mercury in Vanessa's 7th house:

Your conversations are lively. It seems that both of you can't resist a debate with each other. Although you frequently disagree with each, fortunately you enjoy the lively exchange of ideas nevertheless.

Vanessa's Mercury in Johnny's 5th house:

You probably enjoy playing mental games together - word games, guessing games, etc. and you may also undertake a creative mental activity together, such as writing.

Johnny's Venus in Vanessa's 7th house:

Johnny is highly attractive and interesting to Vanessa, and there is a strong magnetic attraction between you that leads to a lovely friendship and perhaps romance.

Vanessa's Venus in Johnny's 4th house:

Johnny's deep feelings of love and admiration for Vanessa are not likely to evaporate over time. Both of you love your times together, especially your shared domestic life.

Johnny's Mars in Vanessa's 9th house:

Johnny challenges Vanessa's philosophical viewpoints and religious beliefs. There is the possibility that Johnny will try to force individual views on Vanessa.

Vanessa's Mars in Johnny's 4th house:

For better or worse, Vanessa gets under Johnny's skin. Vanessa may infuriate, excite, inspire, and sexually arouse Johnny, perhaps even all of these at the same time! If you live together, Vanessa will do much to maintain the home, but both of you must be careful to accommodate your partner's tastes and concerns and try not to overpower your partner, especially when domestic issues are involved.

Johnny's Jupiter in Vanessa's 5th house:

The two of you enjoy playing games together, engaging in creative activities, hobbies, and you generally have lots of fun together. Also, Johnny encourages Vanessa's creative talents and interests and enjoys promoting and assisting Vanessa's creativity, whether it be as simple as baking a cake or a major undertaking.

Vanessa's Jupiter in Johnny's 6th house:

Vanessa loves to be of practical service and help to Johnny, though possibly reluctant to help out others. Vanessa takes a great interest in Johnny's health and overall well-being, and helps take care of day-to-day chores.

Johnny's Saturn in Vanessa's 3rd house:

Johnny has a nasty habit of correcting Vanessa. Johnny sometimes gets into the mode of being Vanessa's "editor"; making false assumptions, correcting logical inconsistencies, and interrupting Vanessa in the middle of a sentence in order to point out a flaw in the argument. Johnny may not have this tendency with others, but it does happen frequently in your relationship. The positive side of this tendency is that you are often able to communicate in a deeper, more honest fashion, and get to the heart of the matter at hand; the "editing" is sometimes successful, and helps to clarify issues. If handled properly, you can be good at solving problems together.

Vanessa's Saturn in Johnny's 11th house:

Involvement with community, colleagues and organizations can become a critical issue in your relationship. Vanessa, in particular, is likely to question and criticize Johnny for involvement (or the lack of it) in various clubs, groups, or organizations. Also, you may both join an organization together, because of sharing a mutual enthusiasm, and both go through a period of disillusionment and sobering-up when the organization does not live up to expectations. Fortunately, these experiences are not likely to be extremely disconcerting to either of you, and, in fact, you will feel that you have both matured a great deal through the experiences.

Johnny's Uranus in Vanessa's 9th house:

Vanessa's philosophical, political, and religious beliefs will undergo some major changes as a result of this relationship, particularly if the relationship is a long-term, serious one. In trying to adapt to Johnny's views, Vanessa discovers the value in new perspectives and ideas that previously were not considered.

Vanessa's Uranus in Johnny's 3rd house:

There is a spontaneity and quickness to your communications that allows the two of you to convey a lot of information to each other very rapidly. Vanessa spurs Johnny to develop new, creative ideas and you both enjoy the fresh, innovative ideas that come to you when you start brainstorming together.

Johnny's Neptune in Vanessa's 12th house:

The two of you are likely to share a lot of secrets together. There is a great deal of fantasy and imagination that you share, and both of you may feel that it is inappropriate to bring this side of yourselves into the public. There is a strong spiritual or psychic bond that draws you together and there is an element of mystery to your relationship. You may share some very unusual,

almost mystical, experiences together.

Vanessa's Neptune in Johnny's 4th house:

There is a good deal of fantasy, imagination, and playfulness in your relationship. Vanessa, in particular, sparks Johnny's imagination and intuition. One way this quality is likely to express itself is in the style of your home, which is likely to be decorated and arranged in a very imaginative way.

Johnny's Pluto in Vanessa's 10th house:

If this is a long-term relationship, Johnny will have a critical effect on Vanessa's career and ambitions. Circumstances arise that enable Johnny to play a key role in helping steer Vanessa's career along new lines, and to levels of greater stature and influence. Johnny can help Vanessa gain a whole new outlook on career opportunities and the best way to utilize personal talents, but this process is a complex and tricky one. The final outcome could be very successful or a failure, depending on how both of you handle the situation.

Vanessa's Pluto in Johnny's 3rd house:

Vanessa sometimes expresses ideas and opinions in a very forceful manner to Johnny, who inspires Vanessa to take a strong stand on issues, but Johnny may feel that Vanessa is too narrow-minded at times. The two of you can work well together in areas that require concentration or bold presentations such as research, marketing, etc.

Vanessa's Ascendant Square Johnny's Saturn:

Johnny often checks or throws a damper on Vanessa's spontaneous impulses and self-expression, which is frustrating to Vanessa, and can be a source of resentment if it continues for too long. Johnny makes Vanessa question and doubt Vanessa's actions, which can be a good thing in small doses, especially if Vanessa tends to be rash or foolhardy. However, Johnny must avoid becoming a "heavy" in Vanessa's life, always the nay sayer or disciplinarian.

Vanessa's Mercury Trine Johnny's Jupiter:

Communication is open and harmonious. You are able to help each other incorporate new ideas and expand your perspective. If you have a close, long-lasting relationship, you will develop similar political, social, religious, and philosophical views. The similarity in your overall perspectives on life helps the two of you feel very happy to share your lives together. Your overall beliefs and aims are in harmony.

Johnny's Jupiter Square Vanessa's Jupiter:

You do not see eye to eye on philosophical matters, ethical standards, or overall approach to life, and you may find yourself in conflict over basic principles or differences of opinion and outlook. Through your relationship and because of your differences, each of you will be able to more

clearly define what it is you truly believe in and what you aspire towards. You also have the opportunity to develop tolerance and broad-mindedness toward people whose stance doesn't agree with your own. In fact, you may find yourself experiencing much more of the world by trying, with an open mind, to see things from your partner's point of view. However, you will probably feel a lot of resistance to doing this. If either of you is very dogmatic or a rigid adherent to a particular belief system, this relationship will be experienced as very challenging and uncomfortable at times.

Johnny's Saturn Trine Vanessa's Uranus:

You are able to balance your needs for security, stability, and commitment with your desire for newness, freedom, and spontaneity. Vanessa loosens Johnny up and prevents Johnny from becoming too rigid and tight, encouraging Johnny to make changes and take more leaps into the unknown. Johnny has a steadying effect on Vanessa and helps Vanessa organize and direct Vanessa's energies into clear, definite channels, encouraging Vanessa to be more reliable and constant.
